To: Participants of the UFCW-Pharmacists, Clerks and Drug Employers Pension Plan
From: The Board of Trustees
RE: Pension Plan Notices

**ANNUAL FUNDING NOTICE
For the
UFCW PHARMACISTS, CLERKS
AND DRUG EMPLOYERS PENSION PLAN**

Introduction

This notice includes important information about the funding status of your multiemployer pension plan (the “Plan”). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation (“PBGC”), a federal insurance agency. All traditional pension plans (called “defined benefit pension plans”) must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the Plan Year beginning January 1, 2021 and ending December 31, 2021.

How Well Funded Is Your Plan

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the “funded percentage.” The Plan divides its assets by its liabilities on the Valuation Date for the plan year to get this percentage. In general, the higher the percentage, the better funded the plan. The Plan’s funded percentage for the Plan Year and each of the two preceding Plan Years is shown in the chart below. The chart also states the value of the Plan’s assets and liabilities for the same period.

	2021 Plan Year	2020 Plan Year	2019 Plan Year
Valuation Date	January 1, 2021	January 1, 2020	January 1, 2019
Funded percentage	91.4 %	90.8 %	94.1%
Value of Assets	\$178,016,143	\$172,541,111	\$171,295,396

UFCW & Employers Trust, LLC

Value of Liabilities	\$194,733,779	\$189,974,315	\$182,021,814
----------------------	---------------	---------------	---------------

Year-End Fair Market Value of Assets

The asset values in the chart above are measured as of the Valuation Date. They also are “actuarial values.” Actuarial values differ from market values in that they do not fluctuate daily based on changes in the stock or other markets. Actuarial values smooth out those fluctuations and can allow for more predictable levels of future contributions. Despite the fluctuations, market values tend to show a clearer picture of a plan’s funded status at a given point in time. The asset values in the chart below are market values and are measured on the last day of the Plan Year. The chart also includes the year-end market value of the Plan’s assets for each of the two preceding Plan Years.

	December 31, 2021	December 31, 2020	December 31, 2019
Fair Market Value of Assets	\$202,657,187	\$187,034,080	\$175,772,926

Endangered, Critical, or Critical and Declining Status

Under federal pension law, a plan generally is in “endangered” status if its funded percentage is less than 80 percent. A plan is in “critical” status if the funded percentage is less than 65 percent (other factors may also apply). A plan is in “critical and declining” status if it is in critical status and is projected to become insolvent (run out of money to pay benefits) within 15 years (or within 20 years if a special rule applies). If a pension plan enters endangered status, the trustees of the plan are required to adopt a funding improvement plan. Similarly, if a pension plan enters critical status or critical and declining status, the trustees of the plan are required to adopt a rehabilitation plan. Funding improvement and rehabilitation plans establish steps and benchmarks for pension plans to improve their funding status over a specified period of time. The plan sponsor of a plan in critical and declining status may apply for approval to amend the plan to reduce current and future payment obligations to participants and beneficiaries.

The Plan was not in endangered, critical, or critical and declining status in the Plan Year.

Participant Information

The total number of participants and beneficiaries covered by the plan on the valuation date was 10,132. Of this number, 3,803 were active participants, 2,041 were retired or separated from service and receiving benefits, and 4,288 were retired or separated from service and entitled to future benefits.

Funding & Investment Policies

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding policy of the Plan consists of the following:

- maintaining a funding standard account pursuant to Internal Revenue Code section 431(b);
- monitoring the balance in the funding standard account and the Plan's funded status as reflected in the annual valuation report prepared by an enrolled actuary retained by the Plan;
- implementing funding measures mandated by Code section 432; and
- maintaining an investment policy that establishes an investment program that over the long term is expected to generate returns that equal or exceed the Plan's actuarial assumed rate of return.

Pension plans also have investment policies. These generally are written guidelines or general instructions for making investment management decisions. The investment policy of the Plan is to achieve the best possible return commensurate with safety and preservation of capital. For this purpose, the total net annual return shall take account of earnings and both realized and unrealized gains and losses and shall be related to market value of assets. The Trustees will accept low to medium level of risk in the Plan's investments. The manner in which the Investment Policy is to be carried out and the accountability of the investment managers in seeking to achieve the investment objectives is consistent with the fiduciary provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and prudent man rule standards expressed therein.

Under the Plan's investment policy, the Plan's assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

Asset Allocations	Percentage
Corporate stocks (other than employer securities): Common	8.92%
Real estate (other than employer real property)	12.98%
Value of interest in common/ collective trusts	12.02%
Value of interest in registered investment companies (e.g., mutual funds)	59.13%
Other	6.95%

For information about the Plan's investment in any of the following types of investments- common/ collective trusts, pooled separate accounts, or 103-12 investment entities - contact the Plan administrator at the following address:

Administrator – UFCW Pharmacists, Clerks and Drug Employers Pension Plan

Right to Request a Copy of the Annual Report

Pension plans must file annual reports with the US Department of Labor. The report is called the "Form 5500." These reports contain financial and other information. You may obtain an electronic copy of your Plan's annual report by going to www.efast.dol.gov and using the search tool. Annual reports also are available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1513, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator. Annual reports do not contain personal information, such as the amount of your accrued benefit. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified below under "Where to Get More Information."

Summary of Rules Governing Insolvent Plans

Federal law has a number of special rules that apply to financially troubled multiemployer plans that become insolvent, either as ongoing plans or plans terminated by mass withdrawal. The plan administrator is required by law to include a summary of these rules in the annual funding notice. A plan is insolvent for a plan year if its available financial resources are not sufficient to pay benefits when due for that plan year. An insolvent plan must reduce benefit payments to the highest level that can be paid from the plan's available resources. If such resources are not enough to pay benefits at the level specified by law (see "Benefit Payments Guaranteed by the PBGC," below), the plan must apply to the PBGC for financial assistance. The PBGC will loan the plan the amount necessary to pay benefits at the guaranteed level. Reduced benefits may be restored if the plan's financial condition improves.

A plan that becomes insolvent must provide prompt notice of its status to participants and beneficiaries, contributing employers, labor unions representing participants, and PBGC. In addition, participants and beneficiaries also must receive information regarding whether, and how, their benefits will be reduced or affected, including loss of a lump sum option.

Benefit Payments Guaranteed by the PBGC

The maximum benefit that the PBGC guarantees is set by law. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. There are separate insurance programs with different benefit guarantees and other provisions for single-employer plans and multiemployer plans. Your Plan is covered by PBGC's multiemployer program. Specifically, the PBGC guarantees a monthly benefit payment equal to 100 percent of the first \$11 of the Plan's monthly benefit accrual rate, plus 75 percent of the next \$33 of the accrual rate, times each year of credited service. The PBGC's maximum guarantee, therefore, is \$35.75 per month times a participant's years of credited service.

Example 1: If a participant with 10 years of credited service has an accrued monthly benefit of \$600, the accrual rate for purposes of determining the PBGC guarantee would be determined by dividing the monthly benefit by the participant's years of service ($\$600/10$), which equals \$60. The guaranteed amount for a \$60 monthly accrual rate is equal to the sum of \$11 plus $\$24.75 (.75 \times \$33)$, or \$35.75. Thus, the participant's guaranteed monthly benefit is $\$357.50 (\$35.75 \times 10)$.

Example 2: If the participant in Example 1 has an accrued monthly benefit of \$200, the accrual rate for purposes of determining the guarantee would be \$20 (or $\$200/10$). The guaranteed amount for a \$20 monthly accrual rate is equal to the sum of \$11 plus $\$6.75 (.75 \times \$9)$, or \$17.75. Thus, the participant's guaranteed monthly benefit would be $\$177.50 (\$17.75 \times 10)$.

The PBGC guarantees pension benefits payable at normal retirement age and some early retirement benefits. In addition, the PBGC guarantees qualified preretirement survivor benefits (which are preretirement death benefits payable to the surviving spouse of a participant who dies before starting to receive benefit payments). In calculating a person's monthly payment, the PBGC will disregard any benefit increases that were made under a plan within 60 months before the earlier of the plan's termination or insolvency (or benefits that were in effect for less than 60 months at the time of termination or insolvency). Similarly, the PBGC does not guarantee benefits above the normal retirement benefit, disability benefits not in pay status, or non-pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay.

For additional information about the PBGC and the pension insurance program guarantees, go to the Multiemployer Page on PBGC's website at www.pbgc.gov/multiemployer. Please contact your employer or plan administrator for specific information about your pension plan or pension benefit. PBGC does not have that information. See "Where to Get More Information About Your Plan," below.

Where to Get More Information

For more information about this notice, you may contact the Plan administrator at the following address:

Administrator – UFCW Pharmacists, Clerks and Drug Employers Pension Plan
UFCW & Employers Trust, LLC
1000 Burnett Ave, Suite 110
Concord, CA 94520
(800) 552-2400

For identification purposes, the official Plan number is 001 and the Plan's employer identification number or "EIN" is 94-2518312.

UFCW-Pharmacists, Clerks and Drug Employers Pension Fund

Pension Estimate Availability Notice

Dear Member:

The Trust Fund Office would like to take this opportunity to remind you that Pension Estimates are available upon request. Pension Estimates can provide you with useful information needed to help plan your retirement. The statement will show the estimated value of the benefit you have earned under the UFCW-Pharmacists, Clerks and Drug Employers Pension Fund - based on the most currently available information - payable on or after your Normal Retirement Date.

If you are interested in finding out more about your retirement benefits and would like to receive a Pension Estimate, please contact the Pension Department at 1-800-552-2400. You can also view your Pension information by logging onto the Trust Fund's newly streamlined website at ufcwtrust.com. To protect your privacy in all pension matters, we have built in new layers of security that are required in order for you to register on the newly redesigned website.

This service is just another way the UFCW Trust Pension Department is committed to "Working for Your Benefit."

Sincerely,

Pension Department
